Introduction to the village:

The village has two levels: **Forêt** (above) and **Forum** (below). Going from one level to the other is possible by walking or taking the elevators. The station includes supermarkets, bars, and restaurants; the lodging accommodations are equipped so that you can cook. Some merchants offer a discount for interns of Opus 74.

A few tips:

- Make your **photocopies** before arriving in Flaine. If necessary, we can make some photocopies on demand (25 cts/page).
- The Academy does not lend music **stands**, so do not forget to bring your own.
- If you do not have cash, there is an **ATM (bank teller machine)** in the shopping mall (see map).
